

Consultation | Assessment | Analysis |

Barbara Wendelken-Jung
publicly appointed and sworn equine appraiser

What really matters...

Next to the horses on the international racing circuit, recreational mounts have also become so strongly established, that I have been publicly sworn and appointed as an equine appraiser on behalf of the German Horse Breeding Association for all other foreign breeds, e.g. Galopins, French Trotter, Quarter- and Icelandic horses etc.

The public appointment and swearing-in of an accredited appraiser means an above average, outstanding qualification in this sector, absolute impartiality and autonomy, as well as the safety and guarantee that the work will meet up to the highest expectations demanded.

I would be pleased to assist any cases in which my appraisal services may be required.

My services

- **Compilation of a value analysis**
Calculation of the value of the subject horse before or after damages
- **Assessment of equine assets**
Bankruptcy, separation proceedings etc.
- **Consultation in matters of horse care, handling and feeding**
- **Evaluation of the liability quota in case of damages**
- **Consultation in breeding matters**
breeding appraisals and pedigree assessment
- **Consultation services when buying and selling horses**
- **Assistance in horse riding, by Dressage and jumping**
correctional training for problem horses with lessons for horse and rider
- **Consultation in the establishment of riding centres and stables on a national and international basis**
- **Evaluation and calculation of the pros and cons of new riding establishments or new business ventures on a national and international basis**
- **Analysis of current horse markets and their effects**
